Day: Thursday

God's overflowing love pushed us to take care of the elderly homeless.

In 1 Timothy 5:1-2 it is clearly mentioned that “Do not rebuke an older man harshly, but exhort him as if he were your father. Treat younger men as brothers; older women as mothers, and younger women as sisters, with absolute purity.” So based on this, we decided to focus on the elderly homeless people this time and decided to help them with everlasting love.

With the spirit of the lord, we met an elderly man who belongs to the community of “Banjara”. He is a native of Nalgonda (a city in Telangana State).

He left his hometown and started his journey to find peace and the meaning of life. The reason behind this was, in the first wave of Covid-19, he lost his wife and blamed himself for her tragic demise. He said that because of my inability and negligence, I lost my wife. At that time, I didn't have a single penny in my pocket to take her to the hospital. No one came forward to help us, even God too. It is unclear to me why God didn't bless us with children? And I don't understand why God allowed my wife to die. He left me alone by giving grief and sorrow instead of blessings and grace.

We consoled him and read Jeremiah 29:11 For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future. We asked him, can we go against the plans of God? Immediately, he said NO! So, why don't we surrender our lives to him? And why don't we seek his will instead of our will? Later, We sowed seeds of hope in his heart by telling him the sacrifice which our lord Jesus Christ did.

Day: Tuesday

The abundant grace of God showered on the poor old man.

Our beloved God always showers his grace, blessing, mercy, and kindness on all his people. However, his believers and followers are blessed much more. For this statement, there is evidence, and it is none other than the old man which you are seeing in this picture who received god's abundant grace and blessings in his life.

He clearly shared the information about his past suffering, which greatly disturbed his life. No one was there to support him nor even console him. He recalled the days when he helped people with the things which he had, but now there is no one to take care of him. The main reason for his pain was

the "cyclone nivar", which created great damage to all the farmers, and he is also one of them. He borrowed money from the pawnbrokers at the high-interest rate, and he cannot return it back because of the loss of crops. So, he and his wife decided to commit suicide by drinking pesticide and both drank it.

Immediately, locals rushed them to the hospital. While taking treatment, his wife died and he survived. Everyone blamed him for making such a decision. Instead of consoling him, they ridiculed him. That's the day he left everything there and came out of that village. This leads him to loneliness and depression. He didn't know where he was travelling to but travelled and finally ended up with God's grace and blessings. We met him after coming to know about all his situation from a man who is working in the fields. Later, we approached him and told him that everyday food will be provided to you and also we will help you with clothing and your medical needs, but don't lose hope and faith in God who showered his grace on you.

Day: Friday

“Seshaiah” was overwhelmed with happiness and joy.

Do we remember when we got saved? We were filled with joy. That same joy is not only available to us today, but is God’s will for our lives. Every day, his desire is that we would know his joy in our hearts in such a way that it becomes obvious to people around us... especially those who live with us!

Seshaiah also experienced the same joy after accepting Christ as lord and saviour. He said that I left the home 18 years ago due to the torture of my alcohol addicted sons. I worked hard as a rickshaw puller, but I couldn't be able to pull my family. Many times I tried to change their behaviour, but they

haven't heard the words of their father. I thought that it was better to leave the home. While I was leaving once again, I asked them to come out of this habit, but they refused. Immediately, without having any words, I left home.

From there on, I'm on the road and advising young people not to fall into the trap of alcohol. Whoever has a true love for their parents, they will listen to them and won't make them sad. Whatever the problems I have, I don't care because my lord Jesus Christ has saved me and his love is sufficient for me.

We felt pleased after listening to this statement and told him that surely God will be with you and as well as True Joy Global Foundation will also take care of your safety and well-being.

Day: Monday

God commanded the Christians to help the helpless.

Nowadays, it has become a very hectic task to manage the work and everyone is running towards the time to finish the work on time. Because without submitting the work, we won't get the salary. But what about the salary that God already promised us? He clearly commands us to help people who are greatly in need. The creator of this universe sees every need and watches over every single vulnerable person on earth.

Our loving God has seen the afflictions of this man and sent us to help him. Every day is a new day and God assigns new tasks to his beloved children. We got a call from Vijay Durga, who is a volunteer for

our organization. He said that there is a man who hasn't eaten anything for the past few days, and he is in great need of food. Please take it fast and come to the location which I've shared with you.

After reaching that place, we saw a man who was completely on an unconscious stage. Our volunteer (Vijay) is trying to get help from the people to wake him up. Finally, he woke up. Later, we gave him food and asked about his health condition. He couldn't answer properly because he was suffering from dysarthria. So, we understood the issue and thought that he had sunstroke.

Day: Wednesday

Brought the bread of life to the poor.

Jesus said to them, “I am the bread of life; whoever comes to me shall not hunger, and whoever believes in me shall never thirst.

(John 6:35). We are so lucky to have a God who can feed us spiritually and physically by taking care of every individual. He loves the poor, and delights to see us reaching out to them with His love and the Gospel. And when we do, He moves in beautiful ways in their lives, bringing beauty from ashes.

We met an elderly man who was completely in a state of confusion. He is looking for the truth which can set him free. Luckily, we met him and shared the information about the lord Jesus who fed the

whole world with his mighty hand. While we were speaking to him, he realised that this world is a temporary place where we need to leave it one day.

With great enthusiasm, he asked us, if I come to Jesus, will he accept me? And will he take care of me? We smiled and replied to his questions. Yes, God will surely accept and care for the one who comes and surrenders their lives. Without faith and hope, we cannot receive anything from our lord. So finally we told him that, in every situation, our organization will support you with food, clothing and medicine. Don't worry about anything but believe in Jesus who gave his life to us. With a grateful heart, he said that as long as I'm alive, I'll praise the God who helped me.

Date: 29-05-2023

Day: Monday

God healed the broken-hearted.

We live in a world of hardship and anguish. We can neither heal nor comfort the one who is broken-hearted because God is the only healer and comforter who comforts all his children. People everywhere are experiencing the pain of broken hearts, whether it's from a breakup, job loss, death of a loved one or some other emotional trauma. But there is hope. God has chosen this man and sowed seeds of hope in his heart.

Earlier, he was an atheist, but now he completely changed his ideas and beliefs after seeing the love of God. When we first met him to share food and clothing, he was not interested in listening to anything about God. Straightaway he said that I

don't believe in God and I don't believe he exists because he is there why many people like me go through pain and suffering? Why are many people enjoying a lavish lifestyle with their families? If he didn't have partiality, he would have given the same to everyone, but why for me suffering and why for them happiness?

He cried aloud and said this. After many years of my married life, my wife conceived and she was blessed with a baby girl. We were very happy, but that happiness didn't last longer. I lost my 1 year 3 month old beautiful daughter. Doctors said that she was dead due to pneumonia. After a few years, my wife was affected by paralysis and she also passed away. I can't express the pain which I've in my heart, but I believe that God is not there.

He is a pure soul who spoke like a child in an innocent manner. Through the help of the holy spirit, we have cleared all his doubts and gave crystal clear answers to every question. Finally, he understood that God is loving and that love only

sends us to meet his needs. He thanked God and praised him for giving comfort to his soul.
