IMPACT & TESTIMONIALS

Those we helped expressed deep gratitude for the timely assistance and compassionate care they received. One widow shared, "I felt abandoned and lost after my husband's death, but your support reminded me that God is always with me. Thank you for showing me His love." Another widow, who was struggling to feed her children, said, "Your help has been a lifeline. It gave us hope and strength to face the future."

CHALLENGES FACED

Widows in today's society face numerous challenges, including social stigma, economic hardship, and emotional isolation. Navigating these issues and providing adequate support posed significant challenges. However, through faith and dedication, we were able to overcome these obstacles and offer meaningful assistance.

FUTURE PLANS

Expand Outreach Programs: We aim to reach more widows by broadening our scope and increasing the number of women we can assist.

Comprehensive Support: Provide more extensive support, including healthcare, vocational training, and job placement services to help widows achieve self-sufficiency.

Temporary Shelter: Establish temporary shelters to offer safe and secure housing for widows in urgent need.

Long-Term Solutions: Work towards providing permanent housing solutions and continuous emotional and spiritual support.
