APRIL

SWIMMING TOWARD CONFIDENCE: SUMMER TRAINING FOR OUR BOYS

This April, in the sweltering heat of summer, we were blessed with the opportunity to take six of our boys to swimming classes at the serene Krishna River in Vijayawada.

What began as a fun escape from the sun quickly turned into a joyful learning experience.

STRENGTH IN EVERY SPLASH

With each splash and stroke, they not only learned to swim but also discovered courage, discipline, and the joy of overcoming fears. It was a beautiful sight to watch them giggle, cheer each other on, and grow more confident with each passing day.

SEEN BY GOD, LOVED BY US

These boys, though orphaned in the world's eyes, are not forgotten. In God's eyes—and in ours—they are precious, chosen, and full of promise. Our commitment goes far beyond providing food, shelter, and education. We believe in nurturing the whole child—body, mind, and soul.

We invest in their talents, explore their interests, and guide them to become young men of character, capable of dreaming big and achieving even more.

SONS, NOT ORPHANS

In this season, as we battled the heat, we also saw the warmth of growth—of transformation. The world may call them "orphans," but we call them sons. Sons of God.

DESTINED FOR GREATNESS

Boys who are every bit as worthy, brilliant, and loved as those who grow up in traditional homes. At True Joy Orphanage, we don't just raise children—we raise leaders, warriors of faith, and beacons of hope.

WATERING WITH LOVE

We thank each one of you who continues to pray, support, and stand with us in this journey. Your faithfulness helps us water these little seeds, and we trust that God will bring the increase—in His perfect time.

**THANK
YOU**
