June 2025: A Month of Love That Found Us

**“We don’t cry alone. Every tear we’ve shed has been counted by a God who sees, a God who stays, and a God who sends His people like you to love us.”
— True Joy Orphanage**

There are 14 precious children living at True Joy Orphanage, each one an orphan in the truest sense of the word. They have no mother to tuck them in at night. No father to hold their hand. No family photos. No birthdays celebrated by parents. Their stories begin with loss, yet God in His mercy is rewriting their future with love.

Miracles Rain & Mercies Pond

Though they've walked through the valley of grief, they are not walking alone. Day by day, God's love covers them like a blanket, and He continues to provide, not just food and shelter, but moments of joy that heal what the world has broken.

This June, we witnessed something extraordinary. Something holy. Something unforgettable.

God Sent His Children: Susan & Nick

From across the miles, Susan and Nick arrived like an answered prayer.

They didn't come with just gifts. They came with compassion, presence, and open arms. Their love didn't feel like charity, it felt like family.

When Susan placed Bible storybooks in the children's hands, it wasn't just about reading, it was planting the seeds of hope in little hearts.

A Day Made of Giggles and Grace

Nick played games with them, laughed with them, and reminded these young souls that they are seen, they are valued, and they are not forgotten.

The children's eyes sparkled as they flipped through colorful drawing books, clutched the new toys and games, and held tightly to the kindness they received, not just from Susan and Nick, but from everyone who has prayed, donated, or simply cared.

One by one, the children fell to their knees, praying, not for themselves, but for you.

They whispered words like:

“Thank You, Jesus, for sending people who love us even though they've never seen us.”

A Home Filled with Joy

The walls of True Joy Orphanage echoed this month with the sound of laughter, music, and praise.

Our children, once broken by loss, sang songs, performed dances, and even put on a skit about God's faithfulness. With joy in their voices and confidence in their hearts, they celebrated the life God is restoring within them.

God Is Working Through You

**To every donor, every prayer warrior,
every compassionate heart reading this:**

Thank you.

**Your generosity is not just changing
lives, it is saving them.**

**Every warm bed, every meal, every
school book is because of you.**

**And every smile this month... you were
part of that.**

But the journey is far from over.

Our Urgent Needs

As we continue to grow and serve with open arms, we are now in urgent need of two full-time staff:

- **A House Parent who can guide, love, and nurture these children daily.**
- **A Cook Helper to assist in preparing nutritious meals for all our kids.**

These are not just jobs. These are callings. We pray God sends us the right people.

We are also praying fervently for a van. The rainy season has already begun and will last until October. Without proper transportation, it becomes increasingly difficult to take the children to school, respond to emergency hospital visits, and simple outings. A van would allow us to expand opportunities and respond quickly to the children's needs.

Please, join us in praying—and if you feel led, in giving.

Final Words from Our Heart

10

These 14 children have known more pain than most adults do in a lifetime. But God, in His great mercy, is writing a new story over their lives—through your hands, your prayers, and your heart.

What began as a month like any other became a month they will never forget—because people like Susan and Nick, and people like you, remembered them.

They are orphans no more.
They are God’s children.
And you are part of their miracle.

“Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress...”

— James 1:27
